Gift Certificates are Available for \$30 (Glow); \$60 (Radiate); \$120 (Bliss); \$200 (Manifest). They can be purchased online & emailed or printed for the happy recipient. The receiver can add to their account on Mindbody (or register & add if not already a student), then use their account balance to make any purchase (class, workshop, tshirt) they desire.

**New Student - Applies to anyone who has never taken a class at the studio before

Red italics - Options are available to you, but do not provide the most savings to you, and/or would not provide enough classes - meaning you' will not get enough of what you need.

AUTOPAY - Finding Recurring Options on Mindbody requires "swiping" over a tab to 'Contracts' (don't worry, there is no minimum # of months - and you don't lose \$ if you need to stop). Recurring means that your form of payment on file is debited on the same day every month. For packages of classes that specify a # (8, 12, 30 Class Passes), unused classes do not "rollover. There is NO charge to start or stop this Recurring Auto-Pay & no minimum # of months. If you are going on vacation or will be deployed for a month or longer, we can suspend the autopay for that time. OR completely stopping is as easy as a message/email to Charmion (who will not try to change your mind).

Classes are NOT free. We pay rent, utilities, taxes & teachers. We have props, equipment, supplies, overhead. And when people have come for free in the past, they don't come back.

If you cannot afford ANY of the above (every dollar in your pocket is already spoken for) and need yoga - email Charmion. We'll find a solution to get you to Yoga while getting on your feet.
